

## VOYAGE AGENCY

For vessels requiring geographical repositioning, whether newly built, retrofitted, or relocated for other purposes, our Voyage Agency Services ensure a safe and timely journey.

Services cover every operational and regulatory need along the vessel's journey, including Bunkering, Crew changes, Deliveries, and other Husbandry services. Our services cover all vessel types. With expertise in Customs, Compliance, and Logistics, Leth is your partner and single point of contact

- Concierge support for your voyage
- Single point for all communication
- Single point for all funding
- Access to a global network of expertise
- Information collection in the planning phase
- 24/7 availability

» The map portrays a vessel delivery from Far East to N.W. Europe - Potential stops along the routes are either partners or local Leth offices

## OFFSHORE, TOWAGE & SEMISUBMERSIBLE EXPERIENCE

Leth towage and semi-submersible heavy-lift activities in Egypt commenced operations in the early 1990's. Over the last 30 years, we have coordinated hundreds of project-cargoes and offshore, Suez Canal towage transits. Our in-depth knowledge as transit managers for these segments have made us the leading transit agent in the Suez Canal for Offshore, Oil & Gas clients.

In 2020, we handled the world's longest freight transport through the Suez Canal with a towage of 12 large diameter plastic-pipes with a combined length of 6,722 meters. We were also involved in project-transits for the "Johan Sverdrup" oil field in Norway (2018/2021) and the "Mariner 9/11A" oil field in the UK North Sea (2017).

## OFFSHORE AND H/L PROJECTS

## ABOUT

***Since our inception in the Suez Canal zone back in 1924, we have expanded into a global service provider to the world's shipping industry. Seizing an early prominent market position based on quality deliverances in the Suez Canal, we moved on to the transit hubs Turkish Straits, Panama Canal, Danish Straits, Gibraltar, Spain and Singapore.***

Headquartered in Oslo, with offices in Copenhagen, Singapore, Dubai and across Egypt, we have a global reach and can assist your every need in all strategic locations for the shipping industry. We can assist vessels with everything from Logistics to Security, including Port Calls, Crew Change / Transfers, Parcel Delivery, Cash-to-Master, Provisions, Immigration Formalities, Transfers and VIP Security.

## A GLOBAL NETWORK OF AGENTS

From Suez to a global network - Since 1987 the SCA have offered a rebate system to attract new customers to use the canal, requiring strict documentation from each port along the voyage. In support of these requirements, Leth have developed a strong network of agents all around the world.

Backed by Inchcape Shipping Services, Leth provides a global network and a tailored concierge service to meet your needs.

As your single point of contact, we coordinate every Port Call along the vessel's route, handling Bunkering, Crew Changes, Provisioning, and more, so you can focus on the journey ahead.
